. . . . what's happening at Wick

4th Quarter, 2002

## CURRENT PROJECTS

- ***New Federal Way High School***

Work on this \$25 million, 160,000 SF project is already 56% complete.

- ***Southwest Recycling & Transfer Station***

Work starts on-site in March, but the submittal process, together with scheduling and planning is well underway.

Project Team: *Gordon Lemberg - Project Manager  
George Mason - Superintendent  
Kelly Connolly, Admin. Assistant.*

- ***Qwest Projects***

The Qwest contract team continues to execute a myriad of projects, large and small, and it looks like this work will continue, as . . . we've just been notified that Qwest will be awarding Wick another three year contract for 2003-2005! Congratulations to Duane Baker, Kelly Connolly, Laura Rupert, et al, for their efforts on this proposal.

## ANOTHER NEW CONTRACT

Wick's has been awarded the LaVenture Middle School Addition & Modernization in Mount Vernon, Washington. This \$10 Million project started right away with demolition, etc.

01/09/03

Kevin McClay, superintendent, is on-site and some subcontractors have already begun work as well. Other Team Members: Terry Lavin, Project Manager, Ryan Rudolph, Project Engineer, and Karen Moon, Admin. Assistant.

## CHRISTMAS GIVING . . . .

Several people in the office participated in the KIRO Holiday Magic gift program for foster kids. Wick Constructors paid for gifts that were chosen based on lists from three selected children - a toddler girl and two boys, ages 15 and 7. Kristin, Kelly, Laura, Kathie, Gordon, Dave, Ryan, and Nate ALL did a marvelous job shopping for the wonderful gifts that ended up under the tree for these children!

## . . . AND A PARTY, OF COURSE

Thanks again to our social committee and helpers for all their hard work organizing a holiday party at the office complete with a gift exchange and games, not to mention all the good food and fellowship! Ryan and Nate put up a tree, and Kristin, Nicole, and Kelly organized the decorating and activities. (The Santa hats worn by all didn't show off our best sides, so photos will be withheld.)

**PETER WICK**, one of the founders of Wick Construction Company (the original name), was inducted into the UW Construction Program Alumni "Hall of Fame" this year. This honor is bestowed on three people each year for their leadership and service to the industry, community, and UW Construction program. A group of current Wick employees and owners attended this function at the Westin Hotel on October 26 to help Peter celebrate this happy occasion.

## PARTING (HAIR) SHOTS -

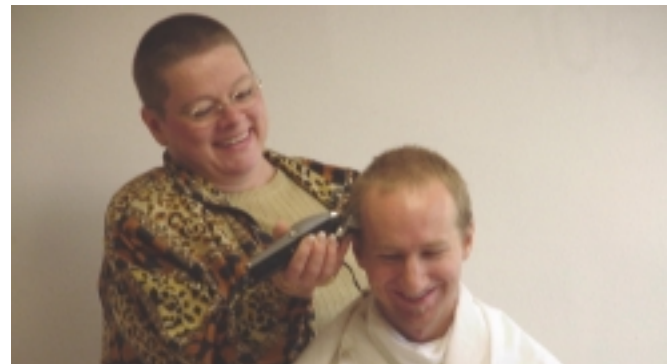

A few hardy souls with natural good looks that were only *enhanced* by the process participated in a Wick Buzz Cut Day - in support of Kathie Wood's current experience with chemotherapy treatments for breast cancer. You 'guys' rock!

Brent - first up!
